

Price Schedule

(1) If your System Size (kW _{DC}) is:	(2) Your Base_Price_per_Watt will be:	(3) and your After_Rebate_Price_per_Watt will be as follows, if the CCSI Total Installed Volume is:									
		30 - 60 kW	60 - 90 kW	90 - 120 kW	120 - 150 kW	150 - 180 kW	180 - 210 kW	210 - 240 kW	240 - 270 kW	270 - 300 kW	> 300 kW
2.01	Custom										
2.01 - 3.00	\$3.75	\$3.72	\$3.69	\$3.66	\$3.63	\$3.60	\$3.57	\$3.54	\$3.51	\$3.48	\$3.45
3.01 - 4.00	\$3.28	\$3.25	\$3.22	\$3.19	\$3.16	\$3.13	\$3.10	\$3.07	\$3.04	\$3.01	\$2.98
4.01 - 5.00	\$3.07	\$3.04	\$3.01	\$2.98	\$2.95	\$2.92	\$2.89	\$2.86	\$2.83	\$2.80	\$2.77
5.01 - 6.00	\$2.95	\$2.92	\$2.89	\$2.86	\$2.83	\$2.80	\$2.77	\$2.74	\$2.71	\$2.68	\$2.65
6.01 - 7.00	\$2.85	\$2.82	\$2.79	\$2.76	\$2.73	\$2.70	\$2.67	\$2.64	\$2.61	\$2.58	\$2.55
7.01 - 8.00	\$2.80	\$2.77	\$2.74	\$2.71	\$2.68	\$2.65	\$2.62	\$2.59	\$2.56	\$2.53	\$2.50
8.01 - 9.00	\$2.75	\$2.72	\$2.69	\$2.66	\$2.63	\$2.60	\$2.57	\$2.54	\$2.51	\$2.48	\$2.45
9.01 - 10.00	\$2.70	\$2.67	\$2.64	\$2.61	\$2.58	\$2.55	\$2.52	\$2.49	\$2.46	\$2.43	\$2.40
> 10.00	\$2.65	\$2.62	\$2.59	\$2.56	\$2.53	\$2.50	\$2.47	\$2.44	\$2.41	\$2.38	\$2.35

Pricing varies by System Size and by Total Installed Volume. Here is an example:

(1) Suppose your System Size is 5.3 kW. That’s about 20 panels. See above row 5.01 – 6.00. (This row is repeated below with annotation.)

System Size	Base Price	After Rebate									
5.01 - 6.00	\$2.95	\$2.92	\$2.89	\$2.86	\$2.83	\$2.80	\$2.77	\$2.74	\$2.71	\$2.68	\$2.65

(2) Your Base Price per Watt will be \$2.95. There could be line item adjustments if you have site-specific issues such as electrical panel upgrades or special access issues. Your contract price will be: \$15,635 (\$2.95 Base Price per Watt x 5300 Watts) +/- Line Item Adjustments. (This is before the 30% Federal tax credit.)

(3) Also, participants will receive a rebate from Third Sun based on the total installed volume. If the CCSI program collectively installs, say, between 150 – 180 kW, your effective price for a 5.3 kW system becomes \$2.80/watt. You will receive a rebate of \$0.15 per watt (\$2.95 - \$2.80). This rebate would equal \$795 (\$0.15 * 5300 watts). The more CCSI participants install, the larger the rebate.
